It's time to celebrate so my hat is tipped to all of you who make the construction industry such a pleasure to be a part of and just think of all the things we do to promote the industry starting with Block Kids up to our Scholarship Program and of course we can't forget our community involvement such as our Christmas donations and Habitat for Humanity just to name a couple.

"Building Pathways to Success" is the theme of the WIC week poster and we have a fine example of that coming up at our March meeting. Kendra Marinaccio will be doing a presentation on CAD design which I think we will all find interesting. Kendra was a Block Kids volunteer for NAWIC long before she actually got her schooling and really joined NAWIC as a member. I encourage all of you to join us and bring a friend for our Thursday meeting.

May 15<sup>th</sup> – 17<sup>th</sup> will be the Region 13 Annual Forum "Women on the Rise" in Fargo, ND.

Watch your bulletin for more information.

And don't forget to spread the word about our Middle School program coming up in April at the Family Museum. It will be a learning experience for all of us this time but once we do it and talk about it with the participants and their parents it should help make the program grow in the future. If you would like to volunteer see Mary B or myself.

I look forward to seeing all of you March 6<sup>th</sup>.

**Mary Oetzmann**  
Chapter President
