It certainly doesn't seem possible that half the year is over and what a year it has been. Think about it – 4th of July. This is the day we proudly celebrate our independence and carry forward family traditions like picnics, going to parades and of course we can't forget the fireworks.

And now we have to stop and look around us at all the devastation across Iowa & Illinois left by recent flooding and heavy rains. Now some people don't have homes where they most likely held their family picnics and some towns won't have their annual celebrations and fireworks. Isn't this something? As of right now I haven't heard of any NAWIC member needing help but if you know of someone please let us know and we will see what we can do to help.

I want to thank Carol, Keith and Clayton again for the great tour of their impressive new building. It was fun and I do hope we get invited back when it is completed.

I also want to congratulate all of our new officers and board members. I know you will do a great job in 2008/09.

As you all know too NEF is a big part of NAWIC and I was glad to learn about our new partnership to build our education with Lorman Educational Services which will offer our members an impressive list of construction courses with a member discount. Course topics include environmental concerns, construction issues, land development, public works, water law, real estate and engineering. For more information visit our NAWIC website www.nawic.org in the member section.

And last but not least don't forget "It's time to start gathering items for our scholarship auction"; November will be here before we know it and the scholarship committee needs a boost from our membership so let's "Giddy Up and Go" and help make this the best ever.

See you July 10th.

MaryO

INFORMATION BOARD

The CSI/NAWIC golf outing was held on Tuesday, May 20, 2008 at Duck Creek Golf Course. We had a total of 64 golfers which is better than previous years. Jennie Hoover, Kit Vargas, and Pam Keefe checked all the golfers in. There were 25 hole sponsors for CSI. This money will go toward their scholarships.

NAWIC had their betting hole on #18. Along with donations of \$629 and betting money of \$279 we raised \$903 for the Pat Puestow Scholarship Fund. The golfers bet money on if they can hit their ball on the green. If they succeed we pay them double their bet. Only a couple hit the green but they did not take their winnings.

Thanks to Jennie and Kit for taking the bets. GREAT JOB GIRLS!
Thanks to Ethel for collecting the score cards.

And I am proud to say that the NAWIC girls (Cathy, Denise, Patty Denner, Pat Hoffman, and Ethel Boggness) were NOT the worst golfers. We were dethroned by a team of men!

A steak dinner was provided after golf. Door prizes were given out. Prizes were awarded to Seither & Cherry for low score and White Roofing was 2nd. Cathy was closest to the pin on hole #8.

Our chapter has worked with CSI on this golf outing for 20 years. We would help with registrations only. Then about 10 years ago we combined with them to raise money for our scholarship fund with the betting hole. After the death of Pat Puestow we dedicated the funds raised to a scholarship in her name. Pat worked on this golf outing since the beginning. Education was important to Pat and she was always willing to help raise money.
