BOARD OF DIRECTORS:

- Mary Buczek, IA IL Taylor Insulation (IITI)
- Jennie Hoover, Johnson Controls

Well February has brought some interesting winter-weather. It's this kind of weather that always makes me wonder why I haven't chosen to go to a warmer climate. March is going to be bringing spring and I am so looking forward to the nicer weather.

As March approaches so does WIC Week. I hope many of you were able to send something in for our article for our WIC Week project. This can be a short Paragraph sent to Rhonda or myself.

Forum is quickly approaching so everyone needs to be thinking of registration. There are six members attending that I know of. I think it will be a wonderful experience.

Nominations will be getting underway soon; I am hoping to see some of our newer members thinking about being on the board of directors so they may eligible to hold an office. I have found it interesting and rewarding and I would encourage those who have not participated on the board to think about holding one of these positions.

I hope to see everyone at the March 3rd meeting.

Best Wishes

Gina Jackson

ST. PATRICKS DAY TRIVIA

Considered the Patron Saint of Ireland, Saint Patrick was actually from Britain. Kidnapped as a young man by Irish marauders and sold into slavery in Ireland, he spent his six years in captivity studying the Christian religion. Once he had escaped, he went into a monastery for twelve years, continuing his studies. He returned to Ireland and began to raise monasteries all across the land. The Druids, feeling threatened by the new religion, did everything in their power to stop St. Patrick, and he spent many a night in prison.

It is said today that he drove the snakes from Ireland, but it is a little known fact that there are no snakes native to Ireland, and this is likely symbolic of him driving the old pagan religions out of the land.
